Mr. Jeff Birch
Chason – Affinity Development Company
105 Affinity Lane
Buffalo, NY 14215-2411

Dear Mr. Birch:

I write on behalf of the board of directors of the Elmwood Village Association in support of your proposed mixed-use development at the corner of Elmwood and Forest Avenue.

The Association's support is based on the encouraging building renderings and site plans shared with our Design Committee on December 6, 2010. These renderings illustrate your commitment to developing an appropriately scaled, mixed-use building in keeping with the City of Buffalo's Elmwood Village Design Standards. We applaud your sensitivity to these standards as well as your team's many months of public outreach to the site's immediate neighbors.

We look forward to working with you and your team as the development's timeline and design are further refined and finalized.

Sincerely,

Justin Azzarella
Executive Director
